Literacy and Numeracy frameworks in post-secondary education

Presented by Christine Tully

Encore Presentation

This presentation will provide an overview of the Literacy and Numeracy requirements in VET courses. The presentation will outline the requirements of the ACSF and the Australian Qualifications Framework (AQF) and highlight a range of examples of the framework in practice in various units of study. This session is suited to education staff working with senior students, to help understand how to prepare them for further study and the requirements of VET.

Christine Tully, Learning Skills Program Coordinator at Melbourne Polytechnic, has worked in the Adult Education field for 31 years. Over the past 10 years Christine has worked in the Literacy and Numeracy support area, coordinating supports for a variety of Vocational Education and Training (VET) programs. She has also contributed to the Australian Core Skills Framework (ACSF) as an expert commentator and previously worked as a Mathematics teacher in the secondary system.

Learning Outcomes

Participants will be able to:

- Understand the AQF and ACSF in relation to qualifications and units
- Understand the Literacy and Numeracy content in VET courses
- Literacy and Numeracy support in VET at Melbourne Polytechnic
