Professional Learning Program

Victorian Deaf Education Institute

Understanding auditory processing disorders
Presented by Dr Dani Tomlin

On-Demand Presentation

In this presentation, Dr Dani Tomlin will discuss what is meant by Auditory Processing (AP) and Auditory Processing Disorder (APD). Dr Tomlin will assist viewers to identify some of the associated student behaviours and impacts of APD on student learning. The presentation will describe some of the current methods of APD including Assessment, Diagnosis and Management. Dr Tomlin will discuss strategies that can be implemented in the classroom to assist students in developing their ability to decode and comprehend spoken language.

Learning Outcomes

Participants will learn to:

- Understand Auditory Processing (AP)
- Understand Auditory Processing Disorder (APD)
- Recognise the characteristics and impact of APD
- Describe some current methods of APD: Assessment, Diagnosis, Management
- Apply classroom modifications to address APD

Fully online, self-paced learning accessible for 4 weeks following registration

Victorian Department of Education staff can access this learning free of charge. The cost for non-Department staff is $30.00 incl. GST

Participants who successfully complete this On-Demand Presentation will receive a certificate noting 2 hours of professional learning.
